PARENTS

- Children under 11 should always have parental supervision when not taking part in a structured coaching session.
- Ensure your child has the appropriate kit for the lesson. Squash players under 19 must always wear goggles on court and bring a pair of clean non-marking trainers. Please make sure they are dressed appropriately for play and appropriate for the

weather, e.g. tennis players need sunscreen and a hat in summer, as well as enough food and drink.

- Please ensure your child arrives in time for their lesson and is picked up promptly. Let the coach know if you are running late or if your child is going home with someone else.
- Keep all contact information and medical records updated.
- Maintain a good relationship with coaches and volunteers at the club. Talk to us if you have any concerns- we welcome your feedback.
- Ensure your child understands their code of conduct.
- Use social media responsibly when talking about and sharing what goes on at the club.
- Encourage your child to learn the rules of their sport; tennis and/ or squash and play within them.
- Discourage unfair play and arguing with officials.
- Help your child to recognise good performance, not just results.
- Never force your child to take part in sport. Listen when your child says they do not want to do something.
- Set a good example by recognising fair play and applauding the good performances of all.
- Never punish or belittle a child for losing or making mistakes.
- Publicly accept judgements made by officials.
- Support your child's involvement and help them to enjoy their sport.
- Always use correct and proper language at all times.
- Be patient - steady progression is unusual in children; peaks and plateaus are common.
- Your first question following any match should be: "Did you enjoy it?" not "Did you win?"
- At no stage should you communicate with your child or interfere with the on-court helpers and referees during a match – just enjoy the game and let officials take care of the rules!
